1. Cut both inside & outside fabrics 10" x 6"

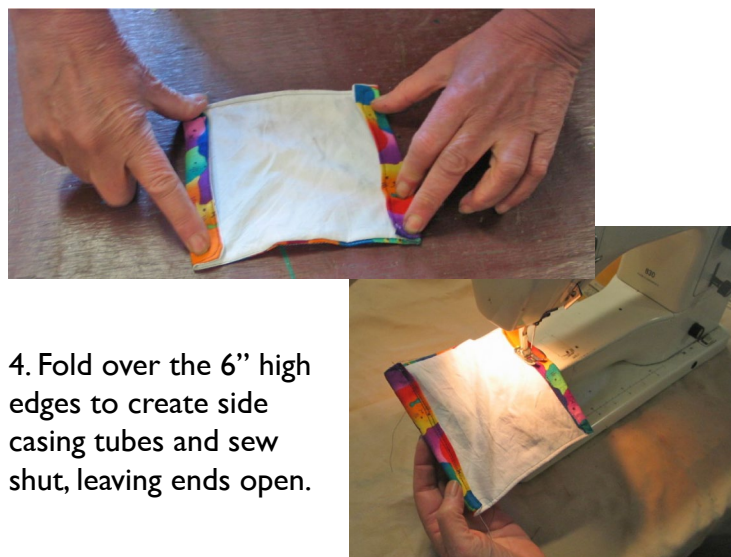

Ideally, inside fabric will be plain and outside fabric will be dark or decorative, so it's easy to tell inside from outside.

2. Sew right sides together leaving a 2" opening on one edge, then turn it inside out. Use a capped pen or crochet hook to poke corners out squarely.

3. Fold in seam allowance along opening and sew it shut. Continue edge stitch all the way around.

4. Fold over the 6" high edges to create side casing tubes and sew shut, leaving ends open.

5. Insert 28" elastic and tie knot to close
